make their first obstinate resistance. Though the Japanese are building entrenchments on the Yalu it is believed that they will advance soon. The arrangements for a turning movement are complete and the experts say that such a movement could properly begin at Takushan, as Feng Huan Cheng lies at an angle of an equilateral triangle with Taku Chuan and the

Yalu as bases. The Japanese disembarkation will undoubtedly be covered by a warship and the Russians recognize that it will be impossible to prevent it.

"We will strike after they have landed," grimly said a member of the general staff. Gen. Kuropatkin is aware of the

strategic importance of the vicinity of Takushan and it is understood that he has made his arrangements accordingly.

Gen. Kuropatkin has sent the following telegram to the emperor:

"Gen. Kashtalinsky reports as follows on April 19: 'All is quiet on the Yalu. The Japanese are throwing up entrenchments opposite Colusty and further to the north.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weak-ness."—Miss Alma Pratt, Holly, Mich.

FREE MEDICAL ADVICE TO YOUNG GIRLS.

All young girls at this period of life are earnestly invited to write Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given, and her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham believes that our girls are often pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries. Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered.

A Young Chicago Girl Saved from Despair. "DEAR MRS. PINKHAM: - I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vege-

years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more. - LILLIE E. SINCLAIR. 17 E. 22d St., Chicago Ill."

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life; with it she can go through with courage and safety the work she must accomplish, and fortify her physical well being so that her future life may be insured against sickness and suffering.

FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

### THRO' KENTUCKY.

Thro' the grand state of Kentucky, Where the "Old Home" got its name, Where the fields are overflowing With the yellow ripening grain.

Here tobacco plants are growing, In the fields not sown with corn, Tobacco plants-big as cactus-Just as sure as you are born.

Yes, they're large as good-sized cactus, Larger in our home-like view, But it's of a fine a grade as Is that old "Kentucky Dew."

Here all people reap a harvest, Money in bank from year to year, All the green calamity howlers, Lose their jobs when they land here.

Here the "dry" ways are the highways, Built high and dry from rains and flood. Here the "good roads delegation," Swear the roads are sutt'nly good.

But of pikes and highways finest, There's a "road" that suits my taste; Tis the line of Solid Comfort, And the trains let no time waste.

From Kentucky to St. Louis, Operates this road of class, Across the famous old "Green River" On its roadbed smooth as glass.

Would you know the road I speak of? Listen then to my advice, For you'll need it in your business, On your trip to Paradise.

In your travels to St. Louis-Hustle; beat them under the wire, "Get the 'Henderson Route' habit"-'Tis a good one to acquire.

Investigation Before Senate Committee Reopened.

Brigham H. Roberts Says He Regards His Mora Jbligation to His Wives as Greater Than the Laws of God or Man.

Washington, April 21.-With the reopening of the investigation in the Reed Smoot case before the senate committee on privileges and elections. the prosecution devoted considerable time to drawing from Brigham H. Roberts the character of the oaths which are said to be necessary for a Mormon official to take in order to have the support of the church for political office. Members of the committee showed an equal interest in the obligations which are said to be taken by Mormons who "go through the endowment house." Along both lines much evidence was brought out. It was shown by Mr. Roberts' testimony that without the consent of the Mormon church he failed of election to a seat in congress and later with church recognition of his candidacy he was elected. In relation to the endowment house obligation Mr. Roberts was extremely reticent. He said that the sacredness of the ceremony was such that he could not reveal it to the world and that if he did so he would lose caste with the church as having betrayed a

Portions of the testimony given by Mr. Roberts, especially in regard to his reasons for maintaining polygamous cohabitation with his plural wives, was almost a duplication of the testimony given by other polygamists who have been on the stand. He said he regarded the laws of God as higher than the laws of the land and that his moral obligation to his wives was greater than both the laws of God and

FIFTY-EIGHTH CONGRESS.

Regular Session.

Washington, April 19.—Senate—The senate Monday continued consideration of the sundry civil appropriation bill, but did not conclude it. A number of other bills were passed during the day, including measures ratifying agreements with the Indians of the Devil's Lake, Rosebud and Flat Head reservations, located respectively in North Dakota, South Dakota and Montana. The conference report on the army appropriation bill will be considered Tuesday.

House-The house passed the last of the supply bills of the government, the general deficiency appropriation measure after a stormy session which lasted till 8:15 in the evening. The contest was a party one over the deficiency appropriation for pensions, which the democrats tried ineffectively to amend by incorporating as a law the recent executive age disability pension order. An effort was made by Mr. Moon (Tenn.) to secure a yea and nay vote on his amendment as to the age disability order, but the speaker refused to recognize him for this purpose. On a motion to recommit the bill the democrats, angered by the speaker's refusal to recognize Mr. Moon, secured a roll call, but after the vote had been taken all further opposition ceased and the bill was passed. Late in the afternoon Mr. Hitt offered his Chinese exclusion bill, introduced Saturday as an amendment to the special deficiency bill and it was accepted without objection. Several bills were passed early in the day under suspension of the rules.

Washington, April 20.-Senate-The question of additional accommodations in the way of office and committee rooms occupied the attention of the senate the greater part of the day. The subject arose in connection with the provisions in the sundry civil appropriation bill, one for an extension of the east front of the capitol building in accordance with sketches left by Architect Walters, and the other, for an outside senate office and committee building. Much variety of opinion was expressed, and the question was still under consideration when the senate adjourned. Several minor bills were passed during the

House-After a debate extending through the entire session of the house Tuesday passed the bill providing for joint statehood of Oklahoma and Indian territory under the name Oklahoma and of Arizona and of New Mexico under the name of Arizona. The vote was 147 to 102. In discussing the rule which had been reported by the committee on rules, providing for immediate consideration of the bill, Mr. Williams, the minority leader, declared that no republican had any idea that the bill would become a law at this session. Delegate Wilson, of Arizona, opposed the bill. It was favored

### Most Modern In Kentucky.

The Paris Milling Co., on Wednesday, let contract for the equipment of their elevator, now in course of erection, to the Dodge Manufacturing Co, of Wishawaka, Ind. This equipment consists of all machinery necessary for receiving, elevating, cleaning and distributing the grain as received from the wagons, together with rope drive, which will transmit power from main drive in mill to the

new elevator. The contract was awarded to the Dodge Manufacturing Co., in competitition with Jeffries Mfg. Co., of Columbus, O., Webster Míg Co, Chicago, Ill, Weller Míg. Co., Chicago, Ill, Caldwell & Son Co, Chicago, Ill., Nerdyke & Marmon Co, Indianapolis, Ind.

These are the leading manufacturers of elevator supplies in the world and the fact that they were in competition for this con tract is evidence of its magnitude.

The elevator in course of erection when completed, will be the most modern and best equipped elevator in the State, having a handling capacity of three thousand bushels of grain per hour. Being of steel construction, the elevator will be practically fire-proof and will therefore carry low rates of insurance on grain stored therein.

Nearly every farm in Fayette county will raise some tobacco this season.

-Turney Bros, have at last retired their since to their own stallion, Capt. Sigsbee. They have always contended the latter horse was the fastest performer they have ever owned, and by mating him with The Commoner's speedy daughter they hope to get a toal with a record-breaking turn of speed. Maud Gonne is only six years old and could have been trained again this year, but her owners wisely concluded she had done enough in the money-making way on the turf and had well earned a rest for the remainder of her days.

May Festival.

Excellent judgment has been displayed by the committee who have charge making arrangements for the Gala Week and May Festival which takes place at Paris, Ky., May 2nd to 7th, inclusive. They have secured all of the various attractions for the entertainments of their patrons that are connected with the original and only famous Robinson Amuse-ment Co. The selection is undoubtedly a wise one, though it may have increased to a vast extent the expenditures of the organization, yet never-the-less it will insure a wonderful patronage. The famous Robinson Amusement Co. is so Pfeiffer and Newton Current & Co. widely known, and so well known that committees arranging for Carnival, Festival or Gala Weeks find it greatly to their advantage to place before the public the fact of having secured so valuable an organization, that while it strengthens the people's faith in the fact of witnessing something of a wonderful and superior nature, it at the same time insures them against witnessing any entertainment in any way immoral. The Robinson Amusement Co. has achieved for itself a reputation for having the most moral, clean, neat and excellent exhibits ever collected in any one enterprise; it stands for itself. Many wonderful performances will be presented on the oc-

### Armed Men Parade the Streets at Garrett, Pa.

A Horror Connected With the Strike Was the Cremation of Two Women and Four Children

in Their Home.

Somerset, Pa., April 20.-An out break even more disastrous than the riot at Boswell last January has been hourly expected at the town of Garrett, the scene of the mining operations of the Garrett Coal Co., the Somerset Coal Co, and other lesser opera-

Trouble has been brewing there ever since the inauguration of the miners' strike five months ago. A number of the striking miners at Garrett own homes there, but recently the Garrett Coal Co. erected a number of houses and the bringing in of new men to occupy those houses and take the places of the workers in the mines has worked the latter up to a high state of excitement and resentment, and for the last few days the town has been a veritable mine of indignation. The strikers have been parading the streets openly armed, and they have prevented the moving of the household goods of incoming miners from the railroad station to the new company houses.

A horror that may or may not be connected with the strike situation at Garrett was the burning to death of two women and four children in their home at that place between the hours of 2 and 3 o'clock Tuesday morning. The victims were Mrs. Rosanna Meyers, her two daughters, Lucinda and Annie, aged 30 and 8 years respective. ly, and her son, aged 5 years. The two other victims were young children of Lucinda. The house was a one and one-half story log building and the women and children were sleeping in the upper story. The origin of the fire is unknown, but rumor connects it with the troubles growing out of the miners' strike. Evidence of the fire was discovered on the interior of the building while it was burning. Meyers was a miner, and until recently worked for the Somerset Coal Co. Lately he has not been working, and it is said he has been supported by the miners' union. The strikers lay the origin of the fire to a number of Italians who are working for the Garrett Coal Co., but what motive the foreigners could have for such a crime has not devel-

oped. Strikers armed with Winchester rifles paraded the streets Tuesday. They say this demonstration is to prevent the Italians from leaving the community before the coroner's inquiry has been completed. They say that in doing this they are acting under the in-

structions of the township constable. When Sheriff Coleman reached Garrett Tueşday evening with his deputies fairs, though the people gathered in large numbers about the station, having learned that he was coming. The sheriff's first work was to arrest two Italians, who were charged with setting fire to the Meyers house. The only evidence thus far against the two Italians was a statement made by Meyers in which he alleges that they called at his house several days ago to buy some butter, and that when told that Meyers would not sell butter to scabs, they left, swearing vengeance. The idea that the Italians committed this crime has taken hold of the people of Garrett pretty generally and the feeling against them is running high, but there are those who look upon the charge against the Italians as a move on the part of the strikers to get rid of the foreigners who have taken their places in the mines.

Much Rejoicing Among the Members of the Negrito Tribe.

.St. Louis, April 20.—There is much rejoicing among the members of the Negrito tribe, who form part of the Philippine exhibit at the World's fair, over the birth of a three-pound baby to Mr. and Mrs. Fayas, the former the chief of the tribe. The mother and father are not more than four feet tall and the baby is considered quite large for a Negrito. It has been named Louis F. Francis Eihinaug. The last name is its mother's, which, according to the Negrito custom, it assumes instead of its father's.

MONTH'S TRIAL FREE

Breathe Hyomei Three or Four Times Daily and Be Cured of Catarrh.

Clarke & Co., one of the most reliable business firms in Paris, have seen many instances of the remarkable power of Hyomei to cure catarrhal troubles and other disorders of the respiratory organs.

Results in this treatment have given hem so much confidence in Hyomei that they will give a month's trial with the positive understanding that if at the end of that time a cure is not effected or enough relief gained to warrant a con-tinued use of the treatment for a while onger, the money will be refunded.

Hyomei is the only treatment for catarrh that has ever been sold under a "no cure, no pay" plan, and the only one where a month's trial treatment is free unless it cures.

Hyomei is not a pill or a liquid. Just breathe it through the neat inhaler that comes with every outfit, and benefit will be seen from the first day's use. Breathed in this way, the health-giving Hyomei penetrates to the minutes air cells of the lungs, and drives catarrhal germs and

poisons form the system. The complete outfit costs but \$1, and extra bottles of Hyomei may be obtained

Remember that if Hyomei does not cure you after a month's trial, Clarke & Co. will refund your money and the treatment will be absolutely free.
